

Outline for doing work safely at SSRL

Goals:

1. Work effectively, efficiently and safely
2. Compliance with DOE Directives as stated in the ES&H ISEMS web site <http://www-group.slac.stanford.edu/esh/general/isems/>
3. Compliance with SLAC operating directives as found on the SSRL safety web page <http://www-ssrl.slac.stanford.edu/content/safety/safety-at-ssrl>

Methods:

1. Safety Process: practice 5 core functions and follow both general and specific safety procedures
2. Define clear roles and responsibilities
3. Ensure all procedures and training is up to date

Resources:

1. SSRL Safety Coordinator (Matt Padilla)
2. SSRL safety web site:
<http://www-ssrl.slac.stanford.edu/content/safety/safety-at-ssrl>
3. SLAC ES&H manual:
<http://www-group.slac.stanford.edu/esh/eshmanual/>
