

Block Allocation Group Report

Please submit via email attachment to Lisa Dunn (lisa@slac.stanford.edu)

Proposal Number: _____ Date: _____

Spokesperson: _____

Lead Principal Investigator: _____

1. **PROGRESS:** Provide a progress report describing the results obtained; any problems encountered; any beam time related to the development or approval of new drugs or therapeutics, (patents, clinical trials, FDA approval, etc.). Cover the status of all projects originally submitted (1-3 pages)
2. **NEW ELEMENTS:** Describe any new projects including sample information. (1-2 paragraphs)
3. **RESEARCH TEAM:** If different from the original BAG proposal, list any new PIs and collaborators including email address. List any PIs and/or collaborators who should be removed from the proposal.
4. **PUBLICATIONS:** Provide a list of all publications related to this work conducted at SSRL on this proposal, and include a copy or DOI for a few key publications. Publications should also be reported at SSRL's web page for [submitting new publications](#).
